# INTRODUCTION

Kathalaya is dedicated to promote reading as a habit and culture in Nepal. Established in 2006, Kathalaya began as a publication house contributing to a small but growing body of work in quality children's literature in Nepali and English. Since then, Kathalaya has focused on producing picture books by emphasizing on quality writing and illustrations, but more importantly on age/grade/level appropriateness. It has also published in two regional languages – Newari and Maithili and three international languages English, Portuguese, Tetum, further plans to expand its reach among other linguistic groups as well.

Today, Kathalaya has published more than 300 picture books ranging from stories, fact books, rhymes, encyclopedias and series books. Kathalaya's books have reached over 9000 schools across the country via bookstores and different networks.

Kathalaya is additionally engaged in implementing library and reading activity packages for government and private schools to further encourage reading as a habit and culture among children. We have also released Nepal's first e-book reader application called "WeRead App" to promote Nepal's literature all over the world.

Children's Books: Along with quality, Kathalaya is very much aware of the importance of age, level and grade appropriate books to make reading and learning easier for children. We have also collaborated with international publishers to select exemplary works and translated them to Nepali to bring diversity and universality in our collection. Kathalaya has partnered with international publisher from around the world for translation rights for quality books in to Nepali language for different age group from 3 to 15 years. Kathalaya believes in exposing Nepalese children and adults to new cultures, societies and knowledge of the world.

Age 9 to 12 years

Children Literature - Chapter books

## Book Corner–Library Bag

Kathalaya has developed a concept of managing books for each classroom which we have called "Book Corner" and/or "Mobile Library Bag". This bag contains 32 pockets to place books on it. All the titles placed are visible from outside. The bag can hold books up to 50 copies in total.

This bag can be hanged on wall of a classroom and can be folded if not necessary and can be placed in office or store room too.

It requires 3 nails on wall and can fit up to 50 copies of 21 x 27 cm and 28 x 24 cm books on it. The height of bag is 4 ft. and can be placed on 4 ft height from ground level. Children of any height can reach to books.

\* This design is registered and approved design of Kathalaya Inc. at Department of Industry under Ministry of Industry of Nepal.

## Social Initiation-Let's partner

We care for children and we are publishing children pictorial books in Nepal. We have developed a Book Corner/Mobile Library Bag to place in each classroom and help to develop reading culture. In Nepal, there are 34,000 government and 9,000 private schools. All parents have started thinking of quality education for their children and sending in best possible schools. And schools are also changing their pedagogy into modern form. Still all parents and schools cannot afford for quality education.

We receive request from schools for support for quality education and library. We do not want to say no but we have to, to any numbers above 5-7 schools each year.

We, Kathalaya Inc., wants to reach more schools and we need your support in this journey. Every possible donation of yours will reach to schools. If you want to be part of the journey of reading culture promotion and love children, do partner with us.

We will provide 3 bags and 150 books to each school to place in classrooms with your support.

## KATHALAYA OVERVIEW

Kathalaya Inc has a long term vision for Nepalese children and young adult literature in Nepal and moving to meet its objectives as follows:

### OBJECTIVES

- Develop children's and young adults literature in Nepal.
- Promote reading habit and culture among children and adults.
- Help promote Nepali literature in national and international markets.

### ACTIVITIES

#### I. PUBLISHING

**Kathalaya Books:** Kathalaya Inc has been publishing children and young adult books locally and with the translation rights from International publishing partners. It has pioneered and set the trend of children literature in Nepal. It has worked in developing children writer and illustrator in partnership

with Swedish Children Literature Institute, Danish Culture Institute and locally with its own source. It has partnered with more than 6 International Publishers and is in the process of partnership with other 5 publishers from Sweden and China.

**WeRead:** WeRead is an imprint of Kathalaya Inc. which publishes books in general literature (non/fiction) category from 2011. It has published 15 titles in different genre such as novel, biography, memoir, facts, Poem and coffee table books. This imprint focuses for general mass and publishes 7-9 titles annually. We have published local and translated international books in the category.

#### II. READING CULTURE DEVELOPMENT

In 2014, Kathalaya began a new venture aimed at promoting reading habits in schools, both government and private. With expertise and knowledge in library development, Kathalaya is offering services to schools in library setup and management.

This also includes the cost and space effective class-

room corner library.

With its own experience, Library is not sufficient in developing reading habit among children. Kathalaya has listed activities that helps in developing habit among children. It help schools organizing its plan to help children as intergrated library package.

#### III. WeRead App

Kathalaya Inc. has developed the first e-book reader application of Nepal – “WeRead app”. which is available in Android and iOS. The app features book by Nepali writers and publishers in Nepali, English and other regional languages supported by the Devanagari script.

The app is the platform for all the. This is the first of its kind of platform for Nepalese publishers to reach their books to the global market to promote Nepali books, authors and publishers in and outside of Nepal. A special version for PCs and laptops to promote “e-library” will be available in a couple of months.
